

To Whom It May Concern:

I am writing you to support a vital radio station in my community. K-love is the first choice of many people in my community for a commercial free, kid friendly, no seven second delay needed radio station. K-Love provides an oasis from the business of life that would be missed in Austin. K-Love is a one of a kind station providing a safe place for people to hear the Good News without having to go into a church, which is uncomfortable for a lot of people due to past experiences. It is truly a healing and inspirational program. I feel connected and encouraged by the staff and other listeners who call in to give testimonies. In closing, please allow K-Love to continue to broadcast on 92.1, 106.3 and 91.3FM in Austin, TX, it's a little bit better place because of it.

God Bless You

Mr. & Mrs. Steve H. Fruin Jr. and Family
